## Empowering Lives:

### A Message from TX Foundation's President on the EmpowerU Training Centre Project

18<sup>th</sup> February, 2026

On behalf of the TX Foundation and President Liza Lin, we are honoured to support the EmpowerU Training Centre project in Romania. This initiative holds a special place in our hearts as it directly addresses the urgent needs of single mothers and their children who have experienced domestic violence — a vulnerable group often left without hope or resources.

The rehabilitation of the centre is more than just restoring a building; it is about rebuilding lives. Our aim is to empower these courageous women with the skills, confidence, and support they need to regain their independence and create a safe, nurturing environment for their families. Through this project, we hope to foster resilience, self-reliance, and renewed dignity.

At TX Foundation, we believe that true empowerment comes from creating opportunities and providing the necessary tools for people to transform their own futures. We are deeply grateful to partner with ADRA Romania on this vital mission and remain committed to walking alongside these women and children as they build stronger, brighter lives.

Together, we can make a lasting difference — turning pain into strength and vulnerability into empowerment.
